DG505G

5G/LTE CBRS USB-C Dongle

The Horizon's DG505G 5G/LTE CBRS USB-C Dongle provides users with a simple and lightweight plug-and-play solution to harness the power of 5G/LTE CBRS networks. This compact USB dongle leverages the MediaTek T750 chipset to deliver blazing-fast connectivity. Its trio-color LED indicator allows users to monitor connection status at a glance. Weighing just about 42g, the dongle is highly portable and can be used to add 5G capabilities to laptops, tablets and other devices with a USB interface. It supports connectivity through Nano-sim and works seamlessly across Windows, Linux, ChromeOS, MacOS and iPadOS without requiring any driver installation. With its exceptional 5G performance, cross-platform compatibility and plug-and-play simplicity, the Horizon's D505G Dongle offers users unmatched flexibility and convenience for experiencing CBRS networks on the go.
